

Light House Script - The Unicorn – Georgie & Unicorn

George/ie: Will you all just SHUT UP! Why does everyone have to argue all the time. Oh No! I'm locked in! How am I going to get out of here? *(shakes the door)* It's dark. Help! Help

Unicorn: I've been waiting for you!

George/ie: *(shocked)* Who are you? What are you?

Unicorn: I am a unicorn, your own magic unicorn. I am here to protect and guide you and you...

George/ie: What rubbish! I don't believe in such rubbish

Unicorn: Well you should I'm here to help you.

George/ie: I don't need any help, I can do fine by myself without your help

Unicorn: Well we need *your* help. You are very important to us

George/ie: Why?

Unicorn: You have been specially chosen because you are brave, strong and kind.

George/ie: No I'm not and I don't want to help you, especially a stupid Unicorn. Why should I?

Unicorn: Please your self, I will go then and you will be left here ...

George/ie: But, how do I get back to the Light house?

Unicorn: That is for you to work out for yourself, Good bye *(begins To go)*

George/ie: *(Running after unicorn)* Wait! Just wait! What do I have to do.

Unicorn: You must fly with me to find the missing jewels and the silver unicorn horn.

George/ie: What will that do?

Unicorn: We have little time, trust me and I will tell you on the way

George/ie: *(A pause)* Ok then

Unicorn: Hold on! 1,2, 3 up and away! Can you read this it's a clue to the missing jewels

George/ie: “I’m full of water, deep and dark” the ocean! No! A well

Unicorn: That’s it! The wishing well of hope Blow three times through the silver horn to purify any poison then throw the jewels one at a time into the wishing well, wishing as you do, as this will bring back the hope we’ve lost.

Unicorn: *Thank you so much for your help. Now we have met, if you believe in me I’ll believe in you is that a bargain?*

George/ie: *Yes it is*

George/ie: *Hey you’ll never believe what happened to me!*
