

## **If I See as Ghosty**

### **Group MT A, B and C**

If I see a ghosty – a scary Mary ghosty  
My hands start to wobble and shake.  
An' if I hear a ghosty – a very hairy ghosty  
My knees start to quiver and quake.

If I smell a ghosty – a sniffy whiffy ghosty  
My nose wrinkles up at the end.  
And if here comes a ghosty, a creepy freaky ghosty  
You might not see me again.

Laugh loud – giggle a bit  
A grin will keep your fears at bay  
Shout, snort, snicker, crack up and titter  
And all your worries scurry away
