Centre Stage Students – Clothing & Uniforms

Dear Parents and Students,

We are a little delayed on this, this year, due to Circuit breaker, Covid priorities and then with students unable to try on sizes, which set back the ordering of course uniforms for all new students and those who have grown out of their old ones. Looking forward to going freshly into 2021!

We originally introduced uniforms, as we noticed that in our active classes, many of the students were not wearing the right kind of clothes, to allow them to properly move around in class without being restricted. It's very difficult to roll about on the floor in a 'wee' short skirt, or bend properly in tight skinny jeans, however cool they may be! 😊 So we decided to introduce a uniform for our performance courses, for On Stage & Theatre Workshop courses, in order to be able to do so.

We have ordered T shirts for all new students to these courses and you will receive an invoice. For those students who have either grown out of their T Shirt, or lost it, please let your Teacher know so they can order a new one for you.

Please see the list below:
