

Communication at Centre Stage - for Parents

Centre Stage Facebook

We have two Facebook sites, a **fan page** and a **closed group**. The fan page is an open and public page, where you can join and follow our news and various events as well as articles we find interesting. Our group page is a closed site, where we regularly place photos and videos of your children and their work in class and rehearsals, as well as information exclusively available to our students regarding casting opportunities, professional workshops etc.

Closed FB Page – How to join

If you haven't already joined our closed facebook group, where we post regular photos, videos of the students work and update you of events, please do so. Here is how you can. Please follow the steps below:

<https://www.facebook.com/groups/centrestagesingapore/> - you will need to request to join and a question will pop up asking you how you are connected to Centre Stage

If you put the words centrestagesingapore (all one word) in your facebook search the group will be the first one in the list. Then you need to join.

You will then be approved, if you are a connected with Centre Stage.

Don't miss out seeing what your children are working on and get up to in classes! 😊
