About Centre Stage

Centre Stage School of the Arts was founded in 1999 to create an environment in which children can use the creative arts to explore both the imaginative and the concrete world. Since then, the school has developed into a fully-fledged performing arts centre, offering twenty different courses to children of all ages & adults too, as well as numerous theatre productions! We offer Creative & Performance Drama, Musical Theatre, Dance (Ballet, Jazz, Tap, Contemporary & MT), Music, Singing, Trinity College Exams and an extensive Early Years programme for babies & toddlers. Centre Stage are thrilled to be bringing a new wave of their Early Years classes to 15 Woking road - Centre Stage School of the Arts

Baby Stage & Play Stage are great fun for both children and adults! Children gain their first experience of a learning atmosphere - they are introduced to the basic rules of interaction: sitting, standing, taking turns and sharing, in preparation for nursery school. Imaginative play - through drama, stories, puppets and music - helps develop confidence and craft activities encourage both fine and gross motor skills. We hope to inspire every child with a love of dramatic play, movement, song, music and dance whilst developing imagination, confidence, creativity and empathy along-side Mum or Dad!
