

## Break From The Line

So many people tell me what I can be  
And from a young age, immediately I knew  
Exactly what I wanted to do  
Out there a dream is waiting to be achieved  
Out there for someone, maybe all  
preconceived  
Who knows, just how this journey goes  
But I, I know that I'm not the only one that's  
climbing  
As high, to be  
The one they call on the stage  
Finally in the light  
Who's been chasing this day  
Where things all lock in right  
Still I look around me  
Everyone fighting for a sign  
But someday I will break from the line  
I really try to stay away from the blues  
This path is hard, but it's the one that I choose  
So there, life isn't easy anywhere  
All this power in other hands  
I'm not the only one who understands this ride  
Filled with passion I just can't hide  
So I, I know that I'm not the only one that's  
aiming  
To fly through the sky and be  
The one they call on the stage

Finally in the light  
Who's been chasing this day  
Where things all lock in right  
Still I look around me  
Everyone struggling to shine  
But someday I will break from the line  
I have to, I need to  
Keep trying 'til I'm there  
And fine, I get it  
It's not always fair  
But it'll be me they call on the stage  
Finally in the light  
Who's been chasing this day  
Where things all lock in right  
So now it's time to believe  
Now it's time to believe  
One day I will receive  
That one big break  
My break from the line
